 RE: STRIKE VOTE RESULTS

The strike vote is the highest ever in the Colleges. Overall voter turnout was 65.5%. The vote in favour was 80.4%. The message to management could not be clearer. Faculty will never accept the unsatisfactory offer that is on the table. Faculty will support their demands for real improvements to workload that translate into improved quality. It should not take a strike to have the colleges address the serious quality and workload issues in the system. But if that is what it does take, then faculty are prepared and willing to withdraw their services.

Your team sends our thanks and congratulations for your great efforts and results. We will do our best to deliver the settlement that this vote deserves.
